

Adult Psychoanalytic Psychotherapy Program

Our comprehensive two-year program in psychoanalytic psychotherapy (APP) offers an understanding of key concepts of psychoanalytic theory and technique and skills to deepen your clinical practice. Weekly group case consultations sharpen clinical skills through guidance and reflection.

As a part of NCP our students have the opportunity to broaden professional relationships through our diverse faculty and student body. Students also have a mentor who provides support and guidance throughout the program.

NCP awards a certificate of completion upon graduation from the two-year program.

Our coursework covers classical through contemporary psychoanalytic psychotherapy theory and practice. We offer evening classes designed for working professionals. Diversity, equity and inclusivity are core values in every class.

Also, NCP presents many events, lectures, and guest speaker programs at a discount to our students.

Tuition and Fees

Application Fee: \$100

Annual Administration Fee: \$100

Tuition: \$2,400 for 2024-2025

"The program has created a warm and diverse community of clinicians that has undoubtedly contributed to my growth as a physician and therapist."
