**POLICIES OF THE NEW CENTER FOR PSYCHOANALYSIS (Please Sign)**

The submission of your application acknowledges your acceptance and agreement with the following policies and procedures: Applicants are accepted with the expectation that they will develop the necessary skills to understand psychoanalytic concepts and conduct clinical analyses. This implies that they possess certain abilities, at least in potential, and that they have no disqualifying features. As evaluating such factors both initially and throughout the course of training is a complex and difficult matter, final decisions ultimately rest in the discretion of the Institute and its authorized committees. Such evaluations are best achieved when faculty and students are assured the utmost confidentiality of all educational records. Access to records is restricted exclusively to those committees charged with evaluating applicants, candidates, and the program at large.

The responsibility for accepting applicants rests with the Education Committee on the advice of the Admissions Committee and the Dean. The Admissions Committee arrives at its recommendation after evaluating the application, letters of recommendation, evidence of past performance, and personal interviews by faculty members. The responsibility for continuing assessment of candidates rests with the Student Progression and Education Committees. The Student Progression and Education Committees review the status of all candidates who can expect to be kept informed of their progress. Candidates may request an interview at any time to discuss their status.

I have read and I accept the description of the policies, standards, and procedures of NCP and hereby make application for admission to training in psychoanalysis. I give the New Center for Psychoanalysis permission to communicate with my references.
