

Le Lys de mes
St Tropez var

July 13th 1946

Dear Dr. Limmel,

I have read with great
interest the papers you had sent
me & which I took over here
to study them in peace.

Your conclusions on the war
neuroses are highly illuminating
& have interested me the more —
as I myself, during our four years
stay at Cape Town, saw a great
number of war neuroses at
the Wyndberg Hospital.
